Graduation : Sept 2023

CGPA : 3.36

- Study, design, development, implementation, support or management of computer-based information systems particularly software applications and computer hardware.
- Expand the reach of knowledge and friendship from other countries

SMAN 1 Tambun Selatan, Bekasi, Indonesia

Graduated in July 2019

EXPERIENCE

UUM International Student Society

Technical Department

September 2021 - November 2021

- Prepare events with other technical members to avoid lag or unstable network.
- Create a creative and well-organized debate event with careful planning

World Indonesian Student Association (PPID)

Directorate of Study and Research

Staff of Commission on Maritime

November 2020 - January 2021

- Created Scientific studies that are targeted and structured by interviewing people who are experienced in the maritime field.
- Provided appropriate opinions to the marine government by analyzing the root causes of the existing problems.

FIKRI PUTRA FERINDRA

fikrip480@gmail.com | +6281210889501

Hi, I'm Fikri Putra Ferindra, a 5th semester IT student at Universiti Utara Malaysia. This is an example of my coursework and some of the projects I'm working on.

AHLI MUSLIM APPLICATION

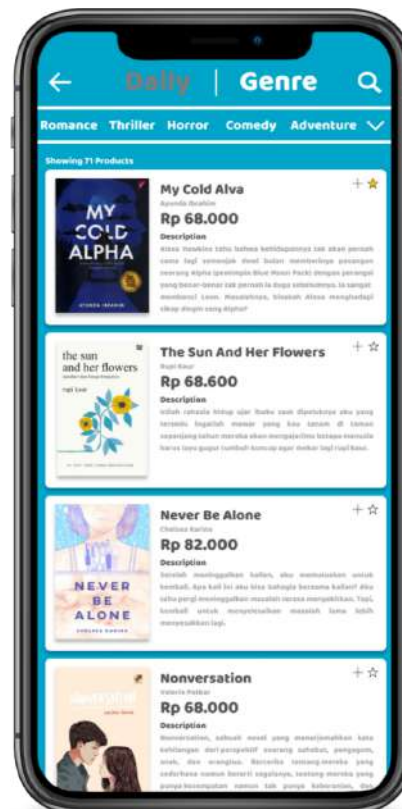

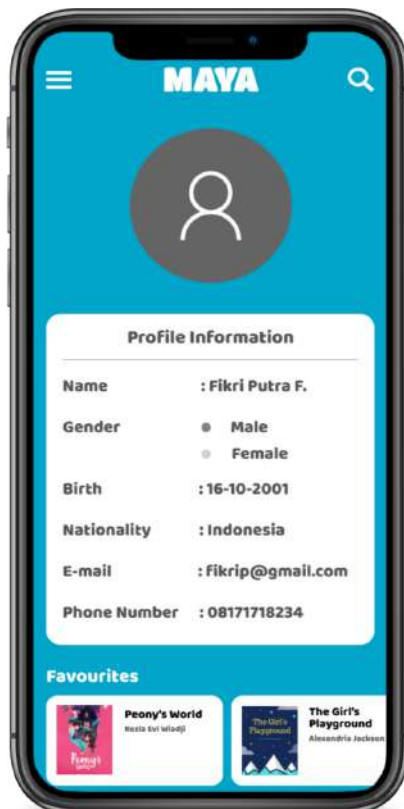

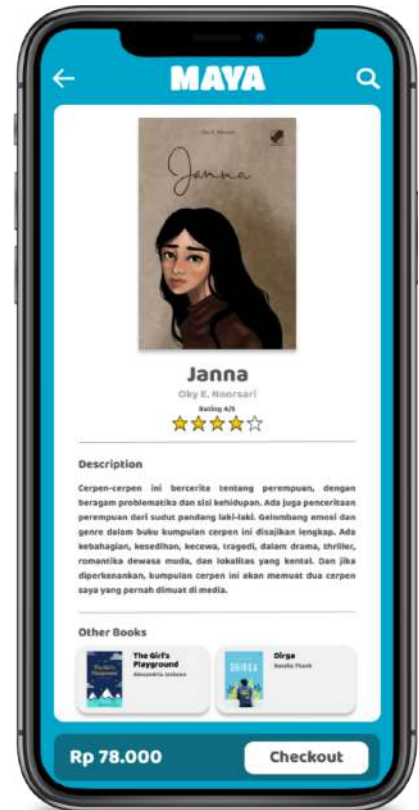

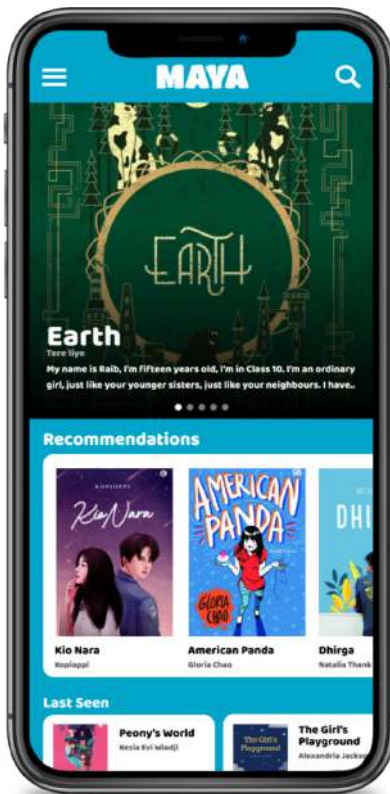

Ahli Muslim is an application created to make it easy for Muslims to be able to be a prayer reminder and as a place to study in daily prayers, as well as a place to read the Qur'an in your hand.

MAYA APPLICATION

Maya is an online book-selling application (e-book) to make it easier for users to find the books they want in one place.

WADIDAW WEBSITE

Wadidaw website is a website that reviews a variety of contemporary topics, such as unique places, influential young figures, interesting photo spots, popular food, Indonesian information, contemporary games, and so on.
